DEMOCRATIC TICKET.

For Congress
HON. HARVEY HELM,
Of Lincoln.

OVER twenty two thousand people assembled in the New Armory building, Louisville, on Wednesday evening to hear the masterly speech of that great advocate of the people's rights, William Jennings Bryan. For one hour and a half, that large audience, though very warm and uncomfortable, sat as if spell-bound to listen to the oratory, logical reasoning and statements of facts as they fell from the lips of that great chieftain of the Democratic party. Because of some mis-constructions, honest on the part of some and willful and malicious with others, as to what was said in the New York speech on the question of Government ownership of railroads, he made the following statement or rather a rehash of what was said in the Madison Square garden speech:

"In my speech at the New York reception, I made some remarks concerning Government ownership of railroads. The New York speech was prepared in advance. I stated exactly what I wanted to state, and I have nothing to withdraw or modify."

If you ask me whether the question of Government ownership will be an issue in the campaign of 1908 I answer, I do not know. If you ask me whether it ought to be in the platform, I reply I cannot tell until I know what the Democratic voters think upon the subject. If the Democrats believe that the next platform should contain a plank in favor of Government ownership, then that plank ought not to be included. If the Democrats think it ought not to contain such a plank, then the plank ought not to be included. I have spoken for myself and myself only, and I did not know how the suggestion would be received. I am now prepared to confess to you that it has been received more favorably than I expected."

R. G. WILLIAMS, of Covington, has officially announced his candidacy for the Democratic nomination for State Senator from Kenton county. "Dick," as he is known here, has risen fast, from the "smooth-shaven lad" who made his appearance before the Covington bar by winning his first case, until now he is one of the most successful and prominent lawyers of that place. Eight years ago last November, after a hard fought campaign, he was made Judge of this county by a nice vote, being the first Democrat to hold that position in Rockcastle in a number of years. He made a most excellent Judge, one of the best the county has ever had, building good roads and fighting the liquor people. During his four years at Covington, "Dick" has made many friends, and if he puts up as stiff a fight there as he did in Rockcastle, he will be the next Senator from Kenton county.

THE ten indictments found against the Standard Oil Company by two Federal grand juries of Illinois, are in effect one, and constitute the longest indictment known in the history of the law, and yet this only covers the last three years. An indictment covering the whole number of years the company has been in existence would be useful in explaining to children how long eternity is.

THE new simplified spelling which the President has adopted and ordered to be used in the Government printing office is causing more comment than any other thing the President has been connected with since the Longworth-Roosevelt wedding.

THE Owensboro girl who married to get rid of her "horrid" name proved an exception to the general run of women, who usually want a divorce to get rid of a horrid husband.

HIGH tariff is the order at Perryville. To operate a butcher

shop or kill a hog within the city limits you have to pay a license of \$20.

POLITICS AND POLITICIANS

Democrats of the Second Tennessee district in convention at Knoxville nominated E. L. Foster for Congress.

Gov. Higgins, of New York, visited Oyster Bay and held a conference with President Roosevelt on New York State Politics.

H. Clay Evans, Republican nominee for Governor, opened his campaign Monday in a speech to about 2,000 people at Lawrenceburg, Tenn.

President Roosevelt has appointed Col. Culver C. Sniffen to be Paymaster General of the army to succeed Gen. Francis S. Dodge, who retired Tuesday.

United States Senator Dick won the contest for the chairmanship of the Republican State Executive Committee, carrying with it the State leadership at Dayton, Ohio, Tuesday.

W. J. Bryan gave out a statement in Lincoln Monday announcing that as soon as his Southern trip is completed he will enter the campaign in Nebraska and other States.

Alabama Democrats in convention at Montgomery nominated John B. Tyson for Chief Justice of the Supreme Court and John H. Dowdell and T. C. McClellan for Associate Justices.

The Independence League convention held two sessions Tuesday in Carnegie Hall, New York, Hissses for W. T. Jerome and a big demonstration for W. R. Hearst were features of the evening session.

William T. Cobb, Republican, was Monday re-elected Governor of Maine by a plurality of less than 8,000 over Cyrus W. Davis, Democrat. Congressman Littlefield was re-elected by a greatly reduced plurality. All the other Republican probably have won, though the First district is in doubt.

The Democratic State Convention held at Dover, Delaware, nominated the following ticket: Congress, David T. Marvel, Washington; State Treasurer, Robert H. Wilson, Dover; State Auditor, Kendall M. Wiley, Bridgeville. William J. Bryan was endorsed for President.

In declaring against Government ownership as a plank in the Democratic platform, Senator Raynor, of Maryland, declares the party must if it wishes to make Mr. Bryan the nominee, make the contest on the personalities of the candidates, in which event Democratic chances would be even, no matter who is the Republican candidate.

The Republican Committees of Oklahoma and Indian Territory at a meeting in Oklahoma City Tuesday night failed to amalgamate and postponed further action in the matter until after the election of delegates to the Constitutional Convention. Until that time the Republican party will have a double organization, which many Republicans fear may be disastrous.

C. W. B. M. NOTES.

Kentucky's special work for the year 1906, is the new Dormitory at Morehead, support of three Missionaries, and two students in the Mountain Schools. This necessitates raising \$7,000. Only two more weeks now remain in which to meet our obligations, before the State Convention in Louisville. Let all offerings and reports go in at once.

Not many schools in Eastern Kentucky have such splendid grounds and buildings as the Morehead Normal School. The school campus contains about seventy-five acres, and is the site of six buildings occupied by the teachers and students. The main school building contains five class rooms, and a library. Burgess Hall contains the large assembly room with a seating capacity of 500. Henson Hall is the home for the young ladies, and will accommodate seventy-five or eighty. The new dormitory for young men will accommodate seventy-five. Building is heated by furnace and lighted by electricity. The National Board will enlarge the dining-rooms of both the Mountain Schools, build new kitchens, store-rooms, bath and other needed additions, which will greatly add to the comfort and convenience of teacher and pupil. Prof. Batten is the efficient Principal

of the Morehead School, and Prof. H. J. Derthick, a man of ability and consecration is the newly elected Principal of the Hazel Green Academy.

It is doubtful if President Roosevelt will ever succeed in simplifying spellin beyond the point reached by the man who invented the "I. O. U."

A contemporary declares that upright desks are again coming into vogue. What the bank depositors would prefer is men of the same design to occupy them.

It will be a sad blow to the school children but it had as well be explained now that they cannot spell quite all the words in their exercises quite the way they please.

It is estimated that 200 Jews were killed and 1,000 wounded during the outbreak of Saturday and Sunday at Siedlec. Reports received at St. Petersburg indicate that the fighting is ended.

FIFTY CENTS

IN some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.
